In 2016, Bailey revolutionized the LED light source industry with an LED version of the original carbon filament bulb. The Spiraled lamps are proof that the atmosphere and appearance of this beloved lamp can be perfectly imitated. The curled LED filaments ensure that the LED light bulb, in addition to light, brings a lot of atmosphere. Over the years, the series has been expanded and it is one of the most successful series of decorative LED lamps in the professional market. Spiraled lamps last much longer than incandescent and halogen lamps and use less energy. In addition, these lamps are dimmable on an approved LED dimmer. Spiraled is a protected brand name.
