

LED Flicker Flame T50 E27 3W 1800K

Bailey nr.: 80100041287

BAI LED Flicker Flame Tube T50x128mm E27 3W 1800K 150lm Opal
230V-240V 120V-130V Fire/Flame effect LED-lamp

The LED Flicker Flame series from Bailey gives an effect that can only be seen when the lamp is turned on. Thanks to a special technique, the LED elements light up in a certain order. This makes it seem like a candle or torch burning. The effect is both rustic and festive, so that certain fixtures at entrance gates can be fitted with these unique lamps. The light is of course 1800K to get even closer to the flame color.
